- **Job Type:** Full time

Job Description

Aztec Animal Clinic is a six doctor practice housed in the historic Nob Hill district of Albuquerque, NM. We were founded in 1990 as a single doctor practice and are still locally owned and operated to this day.

Our priority is to foster a collaborative environment, where case discussion is encouraged and case management is shared. We have formal DVM meetings each month to discuss the latest journal articles, but our group office encourages ongoing case rounds throughout the day. Our team atmosphere means we are uniquely situated to mentor new veterinarians, as there is always someone available to lend a helping hand.

In general, we have a 4.25-to-1 support staff-to-doctor ratio with numerous hospital floor assistants so that our team can focus on individualized patient care. As a veterinarian at our facility, you will have access to digital ultrasound, digital radiography, digital dental radiography, extensive monitoring equipment for anesthetized patients (i.e doppler blood pressure monitoring, capnography, etc), benchside laboratory testing, an extensive pharmacy, and much more. We pay for each of our veterinarians to attend the Advanced Dentistry and Oral Surgery courses in Colorado Springs, CO, for which you will receive your own set of brand new oral surgical tools.

Our aim is to create a sustainable work-life balance, which includes a 32 hour work week (4 days per week), 30 minute appointments, 2 hour resource block each day, and a rotating Saturday schedule (every 3rd

Saturday half day). We also organize hospital-wide activities outside of work each month. Past activities have included attending a game of New Mexico United Soccer, Friday night volleyball league, paint and sip night, a company wide picnic, and a family night at the Electric Playhouse.

If this sounds like an environment where you would thrive, we would love to hear from you! Please send us a resume and cover letter focusing on your experience and interest with the human-animal bond to comm@aztecanimalclinic.com.

Feel free to check us out on Facebook or read our google reviews to get a better feel for our practice.
